Why Calypso?

Crafted to last

Every Calypso piece is built for years of quiet, confident use. Solid joinery, long-lasting finishes and soft-close details feel reassuring from the first touch—and stay that way. We use responsibly sourced timber, so the beauty you bring home is gentle on the planet too. With quality in every corner, your bathroom stays effortlessly calm day after day.

Expert guidance and advice

Unsure where to begin? Our network of 2,000+ trusted retailers is ready to help you shape every detail—from selecting finishes to mapping out your room layout—so planning feels simple and clear at every step.

Free sample service

We understand the importance of making the right choices for your bathroom, which is why we offer free samples to help you see every colour, texture and finish in your own light. Explore the collection and request yours at calypsobathrooms.co.uk/samples.

Support when you need it

Your Calypso experience carries on well beyond delivery day. If a question pops up or a part needs replacing, our after-care team is only a call or email away—ready with clear advice and swift solutions to keep your bathroom at its best. Reach us on **01432 367 367** or sales@woodstockco.com.

Reliable stock & fast delivery

With over 99% of Calypso products available in stock, your order arrives when you need it to. Our trained drivers make sure your bathroom arrives on schedule, in perfect condition, every time, so your project stays on track.

Environmental responsibility

Luxury shouldn't leave a heavy footprint. By choosing responsibly sourced timber and low-impact production—powered in part by solar energy and electric vehicles—Calypso brings you beautiful bathrooms that feel good for you and kinder to the planet.

Designed for harmony, shaped for living.

The way a bathroom feels is shaped as much by material as by layout. Everyday surfaces influence how the space settles into daily routines, creating a sense of ease, familiarity, and comfort over time.

For Spring 2026, Calypso places material at the centre of bathroom design. Wood grains bring warmth and natural variation, helping spaces feel more relaxed and lived-in. Metal finishes introduce contrast and definition without overpowering the room, while stone inspired surfaces add a sense of permanence and balance.

This approach reflects a broader shift away from assembling individual elements, towards creating bathrooms that feel cohesive from the outset. Furniture, brassware, and sanitaryware are designed to sit comfortably together, reducing complexity, creating a smoother experience from idea to finished space.

The focus is not on statement pieces, but on how each element contributes to the whole. When materials are chosen thoughtfully and work in harmony, the bathroom becomes easier to live with, effortless to maintain, and more confident in its design. Spring 2026 is about spaces that feel composed, tactile, and quietly resolved.

Persian Walnut

Textured wood grain, naturally composed

The **Firova** wall-hung vanity brings texture and depth into the bathroom through fluted wood grain detailing. The vertical pattern adds quiet rhythm, creating visual interest that feels considered and tactile.

Raised from the floor, the design maintains a light, balanced presence while supporting everyday routines with calm practicality. Storage is arranged to feel intuitive and accessible, with a range of configurations designed to suit different ways of using the space, all without interrupting the overall flow of the room.

Designed to sit comfortably within a coordinated bathroom setting.

“Firova’s warmth complements natural materials, creating a space that feels settled and easy to live with.”

Down to the smallest detail

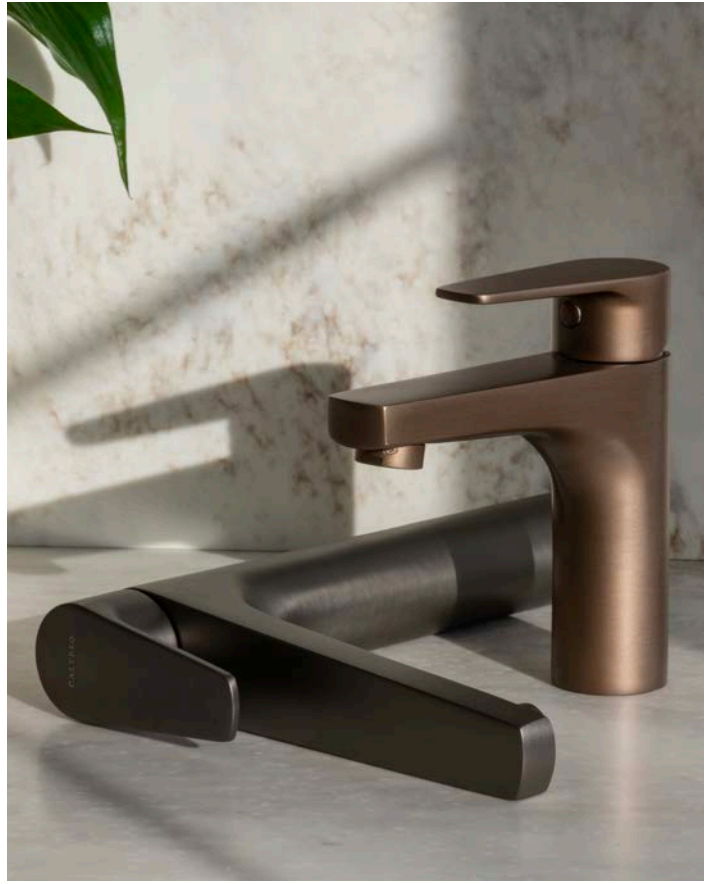

Designed to coordinate

Bringing a bathroom together often comes down to the details. By extending the same finishes across a considered selection of taps, handles, flush plates, and fittings, Calypso makes it easier to create spaces that feel cohesive and well resolved.

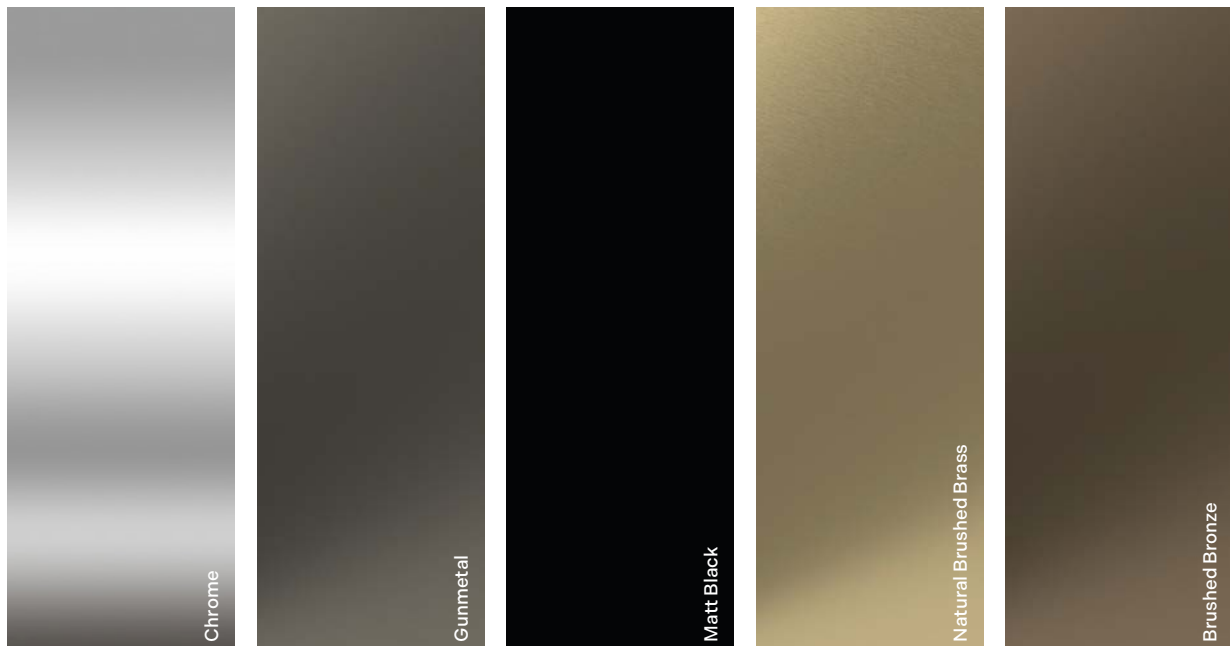

Chrome, Matt Black, Brushed Brass, Brushed Bronze, and Gunmetal are now available across key elements of the bathroom, allowing each detail to sit comfortably alongside the next. The result is a space that feels intentional rather than assembled, with finishes that work quietly together.

These coordinated finishes are available across selected basin, tall, and wall mounted taps, furniture handles, flush plates and buttons, as well as smaller details such as overflow rings and hinge covers. Each has been chosen to support a more unified bathroom without unnecessary complexity.

Contour Soft Green / Contour Porcelain /
Contour Blue Sage

New textured finishes for Chiltern & Chelworth

Chiltern introduces two new Contour finishes that extend the collection's familiar wood grain character. **Contour Soft Green** offers a light, muted tone, while **Contour Porcelain** brings a warm, understated white. Together, they add depth to the collection while maintaining the calm, framed presence Chiltern is known for.

Chelworth is joined by a new **Contour Blue Sage** finish, a gentle, grey-green tone that sits comfortably within the collection's classic line-up, adding softness, character and balance.

Find the new **Chiltern** Contour finishes on **page 174**, and the new Chelworth on **page 54**.

Sienna Oak / Nordic Oak

Extending our wood grain palette

Wood grains continue to play an important role in how bathrooms feel grounded and lived with. Their familiarity and warmth bring balance to spaces shaped around daily routines, offering material depth without visual weight.

Sienna Oak is now available across the **Brecon** Fitted Furniture collection, introducing a richer woodgrain tone that adds character while maintaining a calm, composed presence. **Aurelia** and **Brenta** are also joined by a new **Nordic Oak** finish for vanity units, offering a lighter interpretation that sits comfortably alongside both contemporary and classic elements.

Mirrors

An arched form, thoughtfully illuminated

Vittoria is defined by soft curves and a quietly refined presence. Its gently illuminated arched form introduces balance and warmth, helping the mirror sit comfortably within a wide range of bathroom settings.

Smooth edges are paired with a choice of gold, black, or mirrored detailing, allowing the finish to feel tailored without drawing attention away from the overall space.

Discover our latest mirror design and explore the full mirror collection on [page 234](#).

Mirrors

A new size for Farnese

The **Farnese Mirrored Cabinet** is now available in an additional 600 size, offering greater flexibility when planning different bathroom layouts. Retaining its familiar proportions and balanced design, the new size allows Farnese to sit more comfortably across a wider range of furniture widths and spaces, supporting a consistent, considered look throughout the room.

Explore the complete mirror range on [page 234](#).

Introducing

The Breccia Light Marble worktop

Breccia Light Marble introduces a soft, stone inspired surface that brings balance and quiet refinement to the bathroom. Its square-edged profile gives a clean, composed finish, allowing the material's subtle patterning to sit confidently within both contemporary and classic layouts.

Available across all standard sizes, it offers a considered foundation that works naturally alongside a wide range of furniture and finishes.

Explore our worktop collections on **page 272**.

Introducing

Basins designed for wall mounted taps

A selection of Calypso basins are now designed for use with wall mounted taps, creating a cleaner, more considered layout around the basin.

These designs are available without a tap hole, allowing the basin area to feel simpler and more composed, while maintaining balanced proportions and refined finishes.

Vanity Collections Guide

Our Vanity collections are smaller collections that feature standalone units complemented by additional pieces, offering stylish and functional solutions for your bathroom. This guide will walk you through the straightforward steps to select & order your vanity unit, to simply elevate your bathroom experience.

Design your vanity in four simple steps

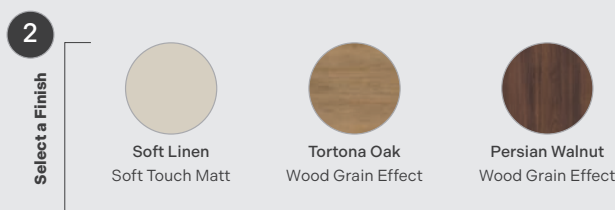

Choose Your Unit

Browse our vanity collection to find the perfect vanity for your bathroom. You will find the kit code listed below the vanity. All units come pre-assembled with a wall fixing kit for installation.

Select a Finish

Each collection is shown in one finish, with all available finishes listed below the vanity with the respective codes.

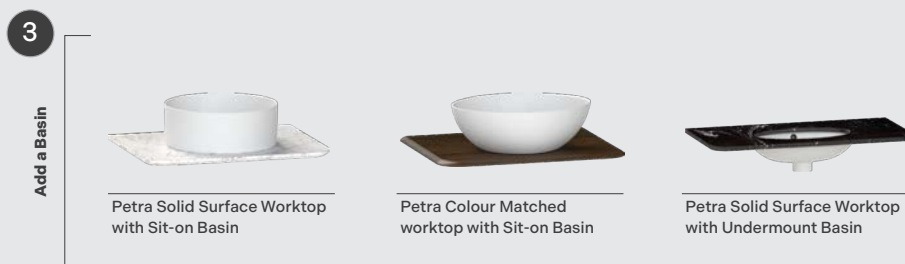

Add a Basin

Compatible basins are listed below each vanity and may fit slightly wider than the unit.

The sit-on basins shown are the recommended size and require a worktop. All sit-on basins are universally compatible, but ensure your chosen basin fits your unit's dimensions. Some vanity units need specific worktops, which are available on the collection pages.

For most basins with an overflow, you can change the colour of the overflow ring. For more information on basins, worktops, and overflow rings, refer to our accessories section starting on **page 232**.

Add Accessories

Vanity units are shown with taps, and if applicable, handles, which are sold separately. All additional accessories can be found in our accessories section starting on **page 232**. Some collections offer additional elements to enhance the overall aesthetic or functionality of your furniture and these can be found in the collection pricing pages where available.

Basins

Once you have selected a vanity unit you can find compatible basins listed below. Sit-on basins require a worktop and can be found on **page 276**.

Taps and Wastes

Choose a tap to match your vanity, starting on **page 284**. All taps come with a colour-matched slotted waste.

Handles

Choose a handle to match your vanity, starting on **page 266**. Some vanity collections have an integrated handle and don't require a separate handle.

Worktops

If you are using a Sit-on basin, you will need a worktop. You can find compatible worktops below each vanity unit. For universal worktop options see **page 272**.

Accessories

Some collections have unique accessories such as decorative legs, lighting kits, or drawer dividers. These additions can offer both style and functionality to your vanity. Explore collection pages for details on available accessories.

Vanity Units

Vanity units from our Vanity Collections come pre-assembled for easy installation. Simply order your unit, add a basin, tap and any other required accessories to complete your look.

Assembly Instructions

Every unit in our vanity collection comes pre-assembled as a complete unit to simplify the installation process, saving you time and effort. We recommend using a professional bathroom installer for vanity unit installation to ensure optimal results. To explore our full range of furniture and accessories, visit calypsobathrooms.co.uk.

Vanity to Match Fitted Furniture Guide

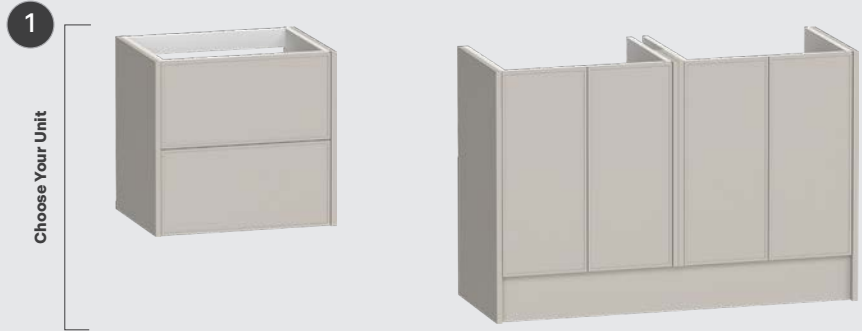

Our Vanity to Match Fitted Furniture collections are designed to stand alone or be used to complement our larger Calypso fitted furniture range, offering versatility in your bathroom design.

This guide will walk you through the simple steps to order and assemble your vanity unit for a stylish bathroom upgrade.

Design your vanity in four simple steps

1 Choose Your Unit

Browse the Vanity to Match Fitted Furniture section of the brochure to find your perfect vanity unit. When you order using a unit kit code, all of the parts that you need for assembly are included.

2 Select a Finish

Each collection is showcased in one finish, with all available finishes listed at the top right of the collection pages. Each unit code in the Vanity to Match Fitted Furniture section of the brochure is followed by two asterisks (**). Replace these asterisks with the finish code located at the top right of the pricing page to complete the code for your desired finish.

3 Add a Basin

Compatible basins are listed below each vanity and may fit slightly wider than the unit.

The sit-on basins shown are the recommended size and require a worktop. All sit-on basins are universally compatible, but ensure your chosen basin fits your unit's dimensions. Some vanity units need specific worktops, which are available on the collection pages.

4 Add Accessories

Vanity units are shown with taps, and if applicable, handles, which are sold separately. All additional accessories can be found in our accessories section starting on page 232. Some collections offer additional elements to enhance the overall aesthetic or functionality of your furniture and these can be found in the collection pricing pages where available.

Basins

Once you have selected a vanity unit you can find compatible basins listed below. Sit-on basins require a worktop and can be found on **page 280**.

Taps and Wastes

Choose a tap to match your vanity, starting on **page 284**. All taps come with a colour-matched slotted waste.

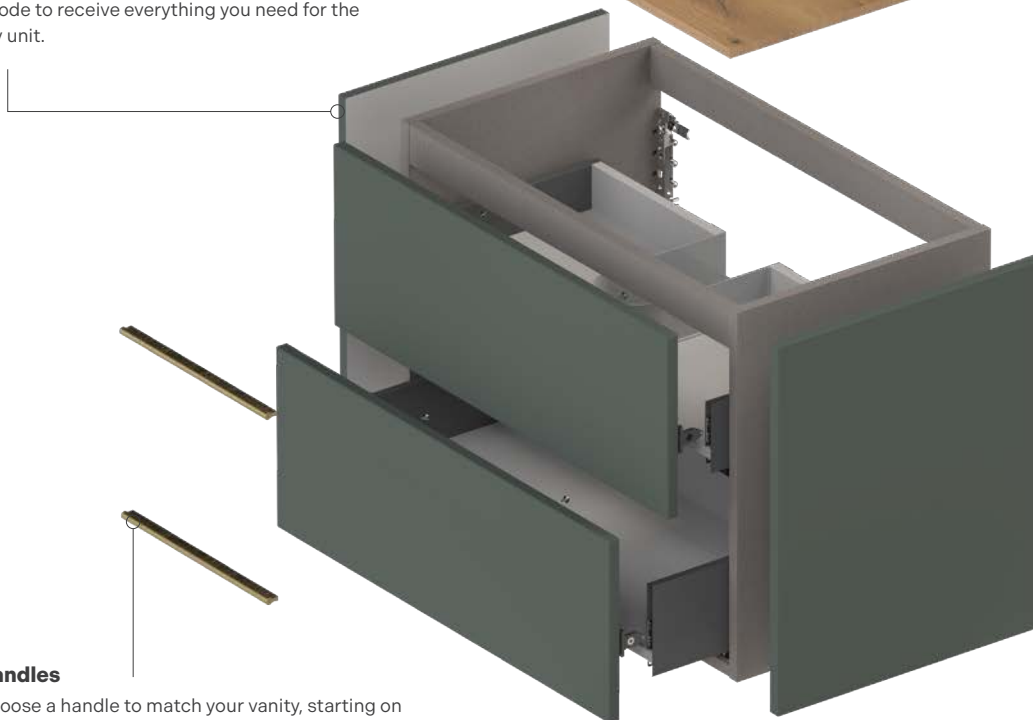

Worktops

If you're using a Sit-on basin, you will need a worktop. You can find compatible worktops below each vanity unit. For universal worktop options see **page 272**.

Vanity Units

Vanity to Match Fitted Furniture units includes a pre-assembled carcass, along with fascias, end panels, and a plinth (if required). Simply order using one code to receive everything you need for the vanity unit.

Handles

Choose a handle to match your vanity, starting on **page 266**. Some vanity collections have an integrated handle and don't require a separate handle.

Accessories

Some collections have unique features such as Bowland's inset metallic profiles. These additions can offer both style and functionality to your vanity. Explore collection pages for further details on accessories.

Assembly Instructions

Each vanity unit comes complete with a carcass, panels, soft-close fittings, and wall fixings. The pre-assembled carcass simplifies the installation process, saving you time and effort.

We recommend using a professional bathroom installer for vanity unit installation to ensure optimal results. Once the carcass is fixed to the wall, apply your fascias, end panels, plinth, basin and other accessories to complete the look of your vanity.

Bathroom Essentials

Mirrors

Designed to make your bathroom experience more enjoyable, and with a diverse range of styles and sizes, there's a perfect match for every bathroom.

Whether you're preparing for a productive day or unwinding with a relaxing evening bath, our LED mirrors guarantee lighting to suit any mood. Take advantage of superior control with infrared or touch-sensitive buttons. For a crystal-clear reflection, choose a mirror with our innovative and energy-efficient heated demister pad, ensuring a fog-free surface even in the most humid bathroom environments.

Rest assured that all our LED mirrors are bathroom-friendly, featuring a splashproof IP44 rating and our 5-year guarantee.

**LED lighting**

Illuminate your bathroom with a long-life LED mirror. Bright and energy-efficient lighting ensures a well-lit bathroom for your daily routine.

**Ambient Lighting Control**

Set the perfect mood with ambient lighting control. Choose cool lighting for a more energizing and invigorating feel or warm lighting when it's time to wind down and relax.

**Two Pin Shaver Socket**

A concealed two-pin shaver socket offers the convenience of a dedicated power source, ensuring a sleek and organized grooming experience.

**Touch Control**

Touch control mirrors make operation a breeze with a convenient easy-to-clean surface and modern aesthetics.

**Fog Free Reflection**

Say goodbye to foggy mirrors with our energy-efficient heated demister pad, ensuring a crystal-clear surface even in the steamiest bathroom environments.

**USB Socket**

Charge devices effortlessly and maximize efficiency with two USB sockets.

**Adjustable Brightness**

Adjustable brightness offers versatility, precision, and the ability to create optimal lighting conditions, making your grooming experience more enjoyable.

**Infrared Sensor**

Keep things hygienic with an infrared switch for hands-free control.

**Bathroom Safe**

Use your mirror worry-free. Our LED mirrors come with an IP44 rating, protecting against splashing water and ensuring a safe bathroom environment.

The Mirror Collection

Each mirror in the collection is thoughtfully designed to strike a balance between form and function. From refined silhouettes to gently sculpted profiles, every piece brings a sense of quiet elegance and timeless appeal, crafted to complement a wide range of bathroom styles with ease and intention.

Whether you want to illuminate your bathroom with a long-life LED mirror, bright and energy-efficient or set the perfect mood with ambient lighting control. Choose how you want your bathroom to feel when it's time to wind down and relax.

Vanity Worktops

We understand that selecting the perfect worktop to complement your vanity unit can be a crucial decision in your design process. Below we've outlined the steps to help you find the ideal worktop for your vanity.

Choose Your Vanity Size

Vanity worktops that fit our standard vanity units are categorised into three sizes: 600 Vanity, 800 Vanity, and 1200 Vanity, the size is displayed next to each worktop, make sure the width and depth are compatible with your chosen vanity. Each worktop is designed to fit a range of vanity sizes with a slight overhang.

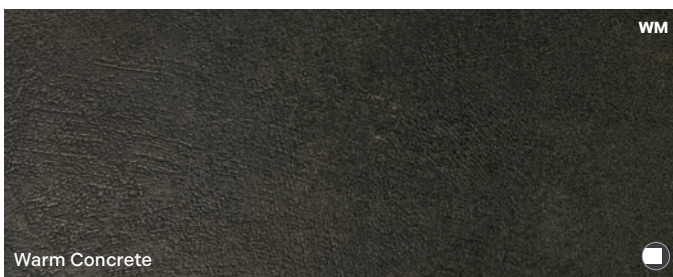

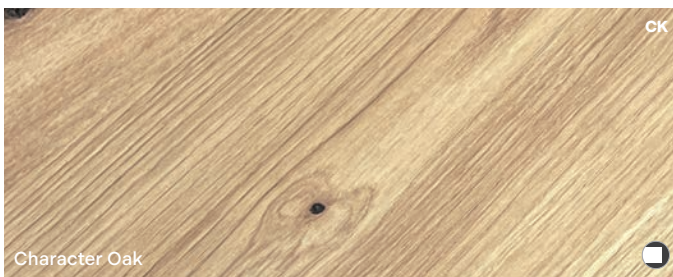

Select a Worktop

Our vanity worktops are available in three options: Square-Edged Laminate, Cast Marble, and Calypstone Aura Solid Surface. Some vanity units use non-standard worktop sizes, and the worktops for these can be found on the pages displaying that collection, along with additional details.

Square-Edged Laminate Worktops

Worktops Sizes

A solid particle board core, bonded with high-pressure laminate (HPL), creates a durable worktop. These worktops are supplied with a 20mm square front edge and comprehensive sealing on all surfaces and edges. For custom lengths and exposed cut ends, matching edging strips are also available.

Calypstone Aura Worktops 12mm or 18mm

Vanity Worktops | Accessories

Available in options of 12mm and 18mm thickness, Calypstone Aura Solid Surface Worktop are made from a mixed compound of natural minerals and acrylic resins. This material is the same all the way through, is completely non-porous and the smooth surface is resistant to most domestic chemicals. It can be cut and shaped using standard woodworking tools, and the cut edge sanded and polished to a perfect finish by hand.

Easy Clean: The inherent properties of Calypstone Aura make it very easy to clean and maintain. It is resistant to most household chemicals and disinfectants and is best cleaned simply with warm soapy water and then dried and buffed with a soft microfibre cloth. Full care instructions are supplied with each worktop.

Durable: You can look forward to many years of service from Calypstone Aura worktops. The material does not degenerate naturally nor fade, and if well cared for, will continue to look as good as the day it was installed.

Hygienic: The Calypstone Aura material contains an antibacterial agent that combats bacteria and prevents its growth. This makes it perfectly suited to bathroom surfaces, and means it can also be used in healthcare and food preparation areas.

The core ingredient of our cast marble worktop is Dolomite Marble which is formed through volcanic action.

The result is an extremely durable and easy to maintain product.

Bathroom Essentials

Basins

Whether you're looking for a sleek modern basin or a more traditional style, our selection caters to every aesthetic. Explore our range of sit-in, sit-on, block, and semi recessed basins, and choose from ceramic or cast marble options to suit your desired look. Ensure compatibility by referring to the displayed basin options on each vanity collection page.

**Cast Marble**

Our Cast Marble basins are crafted from Dolomite Marble, a substance born from volcanic processes. Through milling, purification, and blending with polymer resin, they take shape before a protective layer of resin and quartz gel coating is applied, preserving both pigment and achieving a flawlessly smooth, durable and easy to maintain finish.

**Ceramic Basins**

Ceramic basins are meticulously crafted from molten fireclay, shaped into moulds, and expertly glazed before undergoing the final firing process. Their enduring quality makes them suitable for both contemporary and traditional bathroom settings. Ceramic is easy to maintain, as stains can be effortlessly removed, ensuring a pristine appearance.

Semi Recessed Basins

Semi recessed basins are designed to be partially rebated into the worktop over a basin unit and projecting forwards slightly to offer an ergonomic design. All models include a cutting template, for a perfect fit when scribing the upper fascia panel to the basin.

How to Order Guide: Overflow Rings

When it comes to basins, getting the details right can make all the difference, especially when you're matching them with brassware and handles. That's where understanding overflow rings becomes essential. These rings not only ensure your basin works properly but also play a role in enhancing its overall look and feel. Use the table below to find the right overflow for your basin and then choose the colour that best matches your bathroom:

Basins with no overflow:

These basins do not have an overflow. Therefore, there's no need for an overflow ring. We recommend using a free-flowing unslotted waste with these basins.

Basins with built-in overflow:

Some basins come with an overflow that is glazed or designed as an integral part of the basin. In such cases, an overflow ring does not apply.

Basins with a standard overflow:

These basins come with a chrome overflow ring as standard. However, the overflow ring is interchangeable, meaning you can change it to match your bathroom.

Waste Types

Our wastes come in two types: slotted and unslotted. If your basin has an overflow, you will need a slotted waste. If your basin does not have an overflow, such as a sit-on basin, you will need an unslotted waste.

Bathroom Essentials

WCS

Our WCs feature high-quality ceramic construction, ensuring reliability and longevity. The top-fix seat design facilitates simple installation and lifts off for easy cleaning. All Calypso WCs come with a silent soft-close seat which provides added convenience and comfort.

**Back To Wall**

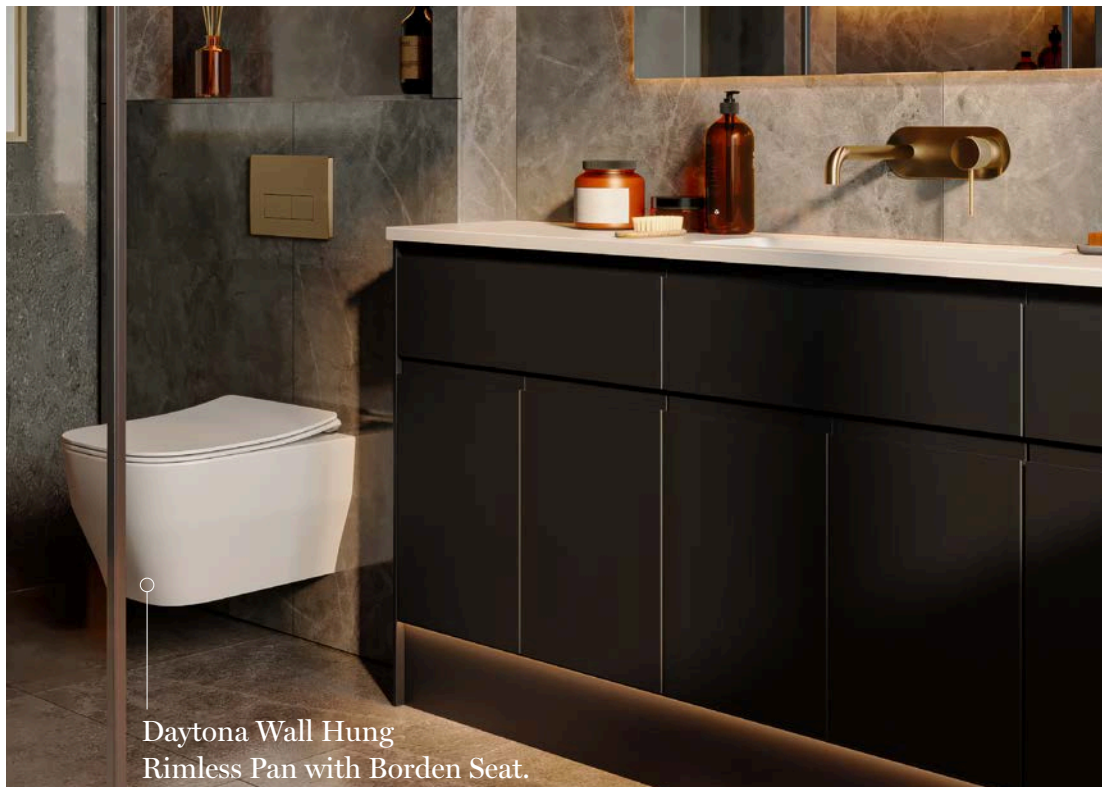

Back to Wall pans are designed to be used with cisterns that can be concealed within a cabinet or behind a wall. They can be matched with your chosen furniture to create a cohesive and sleek aesthetic.

**Close Coupled**

Close coupled WCs are a popular choice for modern bathrooms due to their simple design and streamlined appearance. This type of WC features a cistern that is directly attached to the back of the bowl, making maintenance straightforward.

**Wall Hung**

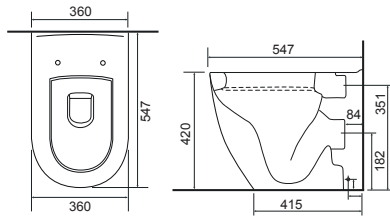

Wall hung WCs can be attached to a frame within a cabinet or behind a wall. This makes cleaning easier and lends a sense of openness to the bathroom.

WHAT IS A RIMLESS PAN?

Traditional toilets distribute the flush water through a series of holes around the underside of the rim of the pan. However, the 'Rimless' pan does away with this under-rim, meaning the water can flow faster and with no hindrance to create an enhanced flush.

The rimless toilet looks no different on the outside.

The main difference is that the pan boasts a smooth bowl with reduced areas for bacteria or lime-scale to build up and settle, which makes a significant difference for cleaning and improved hygiene compared to traditional pans.

Highest standards of Hygiene

No hidden spaces for germs to harbour.
Allows for easy cleaning.

Perfect cleaning

Unique flush system means the water flows both vertical and around the rim covering the entire surface.

Quieter & Faster

Rimless technology allows for a more silent and faster flush than standard WC pans.

What is an LED Lighting Strip?

Using an LED lighting strip in your bathroom can enhance both functionality and ambiance. You can install LED strips under cabinets to illuminate the countertop, around the back of mirrors for even lighting, or along the ceiling edges to highlight architectural features.

Supplied in three popular length kits, these lighting strips can be cut to fit any size of unit. The special 3M self-adhesive backing tape allows you to stick them to almost any surface with ease.

Zoned Lighting

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

IP RATING 1ST DIGIT		IP RATING 2ND DIGIT

IP 6 7

IP67. The item is protected from dust and capable of withstanding water immersion upto 1 meter for 30 minutes.

ZONE 0 Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

ZONE 1 Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

ZONE 2 Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

ZONE 3 Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

Installation must be made in accordance with the current IEE wiring regulations and relevant building regulations. Calypso recommends that all electrical bathroom products should only be fitted by a suitably qualified Part P registered electrician.

Calypso Essential Information

Product Specifications

Door Finishes and Carcass Colours All our door finishes are supplied by default with the complementary carcass colour indicated on the inside front cover of this brochure. If you require a different combination of fascia and carcass finish, you must specify each separately using individual product codes (shown within the 'Breakdown' section). The relevant finish codes need to be added to each product code when ordering. For exact colour matching, please request a sample by calling 01432 367 367.

Carcasses All carcasses and fascias are pre-drilled and marked for fittings, with fully adjustable all-steel soft-close hinges on doors and soft-close drawer runners featuring four-way fascia adjustment. Carcasses are supplied with hinges, wall-fix brackets, and fittings; base units include adjustable legs and plinth fittings.

Please note that all plinths, end panels and handles must be ordered separately. The unit dimensions shown are overall installed measurements including fascias and plinths. 661mm carcasses are supplied with 150mm legs and 561mm carcasses come with 250mm legs.

You can also choose between three finished base unit depths—218mm, 303mm, and 443mm. All carcasses are made from 18mm MFC and finished with PVC edging.

Doors, Plinths and End Panels All doors, plinths, and end panels are constructed with an 18mm MDF furniture-grade core, ensuring durability and a high-quality finish. There are three available options to choose from: vinyl wrap, painted, and cut and edged. To maintain the warranty, any cut edges must be properly sealed.

For those looking for a natural wood option, the solid oak door features a 70x20mm solid oak frame with an oak-veneered centre panel. As with all natural materials, variations in shade and grain should be expected, adding to the unique character of each piece.

Laminate Worktops Laminate worktops are formed using a particle board core with a decorative laminate surface and balancer on the underside. They are offered in options of square edged and postformed designs and are pre-sealed on all edges. Additional edging strip can be purchased to finish any cut edges.

Decor End Panels When planning, remember to allow for décor end panels on any exposed end-of-run base or wall unit carcass, adding 18mm for each end panel required.

Plinths Our 250mm plinth can also be used as a flyover shelf for additional design features.

Assembly and Drilling All carcasses are supplied fully assembled, with doors and fascia panels packed separately for fitting after installation to help avoid damage. Door and drawer fronts are supplied undrilled for handles, giving you maximum flexibility in handle choice.

Slimline Basin Units Slimline basin units require reduced-depth semi-recessed basins. Calypso units are designed at a height that allows good access underneath to run soil pipes and water feeds, with a choice of 150mm or 250mm plinths.

Soil Pipe Access Due to space restrictions in slimline units, the rear legs should be removed to run a soil pipe through. Rigidity is maintained by the front legs and wall fixings.

Concealed WC Cisterns All our concealed WC cisterns allow front-access servicing. If you use a different manufacturer's cistern, please check service-access requirements.

Dimensional Tolerance Because of materials and production processes, dimensions may vary within a tolerance of ± 2 mm on furniture, ± 3 mm on cast basins, and ± 5 mm on ceramic.

Returns Policy

Reporting Damages or Unwanted Items Any damaged or unwanted items must be reported within 7 days and made available for collection within 28 days.

Picking or Delivery Errors & Manufacturing Defects These must also be reported within 7 days and made available for collection within 28 days.

Unwanted (Good-Faith) Items Items ordered and delivered in good faith but no longer required will incur a 25% handling and re-stocking charge. Non-required items can only be accepted for return if they are returned in their original packaging, have not been fitted in any way (this includes having legs fitted to carcasses) and are in a resaleable condition.

Credit Approval Credit will be given once goods are received, inspected, and signed off. All goods under this policy should be returned to the retailer from whom they were purchased.

Credit Refusal If goods fail inspection, a credit refusal number is assigned and a written reason is provided by email. Goods will be held for 7 days before disposal. Any query regarding refusal must be logged within a 7-day period.

Taking Care of Your Calypso Products

Ventilation and Moisture Control Calypso bathroom furniture is designed for use in domestic environments, making good ventilation essential to prevent damage from excessive moisture—whether on surfaces or in the air. A suitable extractor fan is strongly recommended to avoid condensation and its associated risks. Please note that Calypso timber-based fitted furniture should never be installed in wetrooms.

Sealing and Spills Any cut or exposed panel edges, and any floor or wall abutments with furniture or sanitaryware, must be sealed with a waterproof sealant such as silicone. Wipe clean and mop dry all water spills immediately.

Cleaning Products Never use chemical or abrasive cleaners, bleach, or furniture polishes on bathroom furniture. Clean only with a soft damp cloth and mild soap solution.

Solid Oak An occasional application of wax-based furniture polish will maintain its finish. Do not use household cleaners or abrasive powders on oak. Remove spills immediately with a soft damp cloth and mild detergent; excessive moisture will darken the oak surface.

Ceramic Sanitaryware Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid abrasive solvents, acid, or ammonia.

Cast Basins Calypso cast basins are manufactured from a mineral powder/polyester resin, protected by a gelcoat of at least 0.5mm thickness. Clean with a normal liquid detergent (no abrasives) and buff with a quality polish to keep tops in pristine condition.

Brassware Clean with a damp cloth, rinse, and polish with a dry cloth. Avoid cleaners containing abrasive solvents, acid, or ammonia.

Disclaimers and Terms

All stocked products are usually dispatched within 72 hours of ordering. It is important when ordering and booking installations that sufficient time is allowed between product delivery and installation. This allows for inspection of goods and, if necessary, re-delivery of any rejected or damaged items.

All orders are subject to our standard terms and conditions of sale, which can be found at www.calypsobathrooms.co.uk/terms. A hard copy is available on request, call 01432 367 367 or email sales@woodstockco.com.

Due to continuous product improvements, we reserve the right to change any product specification without prior notice.
