Why Calypso?

Crafted to last

Every Calypso piece is built for years of quiet, confident use. Solid joinery, long-lasting finishes and soft-close details feel reassuring from the first touch—and stay that way. We use responsibly sourced timber, so the beauty you bring home is gentle on the planet too. With quality in every corner, your bathroom stays effortlessly calm day after day.

Expert guidance and advice

Unsure where to begin? Our network of 2,000+ trusted retailers is ready to help you shape every detail—from selecting finishes to mapping out your room layout—so planning feels simple and clear at every step.

Free sample service

We understand the importance of making the right choices for your bathroom, which is why we offer free samples to help you see every colour, texture and finish in your own light. Explore the collection and request yours at calypsobathrooms.co.uk/samples.

Support when you need it

Your Calypso experience carries on well beyond delivery day. If a question pops up or a part needs replacing, our after-care team is only a call or email away—ready with clear advice and swift solutions to keep your bathroom at its best. Reach us on **01432 367 367** or **sales@woodstockco.com**.

Reliable stock & fast delivery

With over 99% of Calypso products available in stock, your order arrives when you need it to. Our trained drivers make sure your bathroom arrives on schedule, in perfect condition, every time, so your project stays on track.

Environmental responsibility

Luxury shouldn't leave a heavy footprint. By choosing responsibly sourced timber and low-impact production—powered in part by solar energy and electric vehicles—Calypso brings you beautiful bathrooms that feel good for you and kinder to the planet.

Designed for harmony, shaped for living.

The way a bathroom feels is shaped as much by material as by layout. Everyday surfaces influence how the space settles into daily routines, creating a sense of ease, familiarity, and comfort over time.

For Autumn 2026, Calypso places material at the centre of bathroom design. Wood grains bring warmth and natural variation, helping spaces feel more relaxed and lived-in. Metal finishes introduce contrast and definition without overpowering the room, while stone inspired surfaces add a sense of permanence and balance.

This approach reflects a broader shift away from assembling individual elements, towards creating bathrooms that feel cohesive from the outset. Furniture, brassware, and sanitaryware are designed to sit comfortably together, reducing complexity, creating a smoother experience from idea to finished space.

The focus is not on statement pieces, but on how each element contributes to the whole. When materials are chosen thoughtfully and work in harmony, the bathroom becomes easier to live with, effortless to maintain, and more confident in its design. Autumn 2026 is about spaces that feel composed, tactile, and quietly resolved.

Timeless, by nature.

Real wood brings a warmth to a bathroom that little else can match. It catches the light differently through the day and grows more characterful with time. Oriana's fluted detailing and discreetly integrated handle keep every line uninterrupted, while drawers that close with barely a sound turn a daily routine into something a little more considered.

Available in **Alba Oak** and **Smoked Oak** veneer, Oriana comes as a two-drawer unit in **600, 800, or 1000** widths, with a choice of worktop and sit-on basin or vanity basin to suit your space. Pair with the new Prism leg frame, available in two heights, three widths, and three finishes, for a considered, freestanding finish.

The finishing touch

Introducing *Marco and Marcella*

A bathroom feels finished when every detail speaks the same language. **Marco** and **Marcella** are the newest additions to Calypso's coordinated accessory collections, designed so the smallest fittings feel as considered as the largest. **Marco** brings a square, architectural edge for spaces built on clean lines; **Marcella** softens the same idea into a rounded, fluid form.

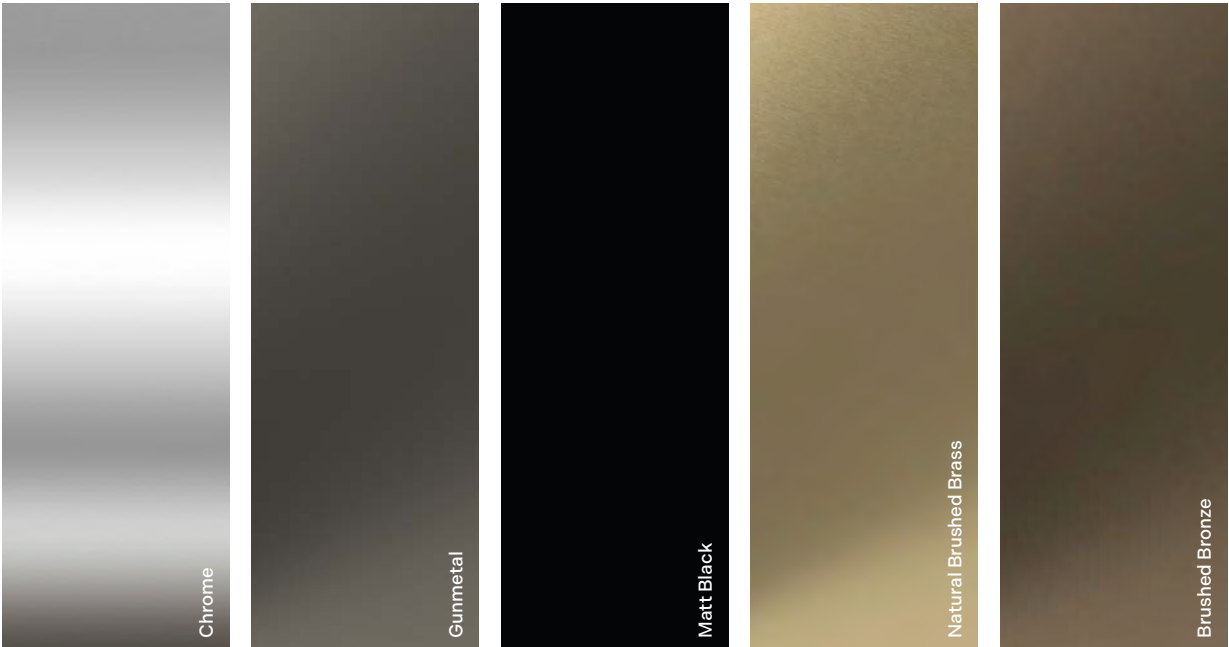

Each collection is a complete set: towel rail, toilet roll holder, towel ring, and robe hook, taking the guesswork out of pairing finishes.

Marco and **Marcella** arrive in **Natural Brushed Brass, Matt Black, Chrome, Gunmetal,** and **Brushed Bronze**, the same five finishes already running through Calypso's taps, handles, and flush plates, so a bathroom can be specified end to end in one considered palette.

Find the new Coordinated Accessories section on **page 146**.

Available Finishes

Vanity

Firova *Collection*

The **Firova Collection**, known for its fluted detailing, now extends to floor standing units, with deeper drawers for additional storage.

Available in **550mm** and **600mm** sizes, the new units bring the same considered, textured finish to a floor standing format, for greater flexibility in how the collection can be specified.

Explore the Firova collection on **page 60**.

New Finish

Levanto, *in Soft Linen*

Soft Linen now arrives in the **Levanto Collection**, a smooth, matt finish that brings a warm neutral tone to the bathroom. **Soft Linen** reflects a growing love for warmer, more livable palettes, calm, considered, and easy to style around.

The finish is smooth to the touch, with an understated matt surface that suits both traditional and contemporary spaces alike.

Explore the Levanto collection on **page 68**.

Mirrors

*A traditional edge,
quietly reimagined*

Bordeaux brings a bevelled edge and square corners together. A familiar silhouette, given a more considered form. Its clean lines sit comfortably in both classic and contemporary bathrooms, structured yet unassuming.

Available as an LED mirror with demister and two-button touch control, featuring a dimmable light and adjustable colour temperature, or as a classic non-illuminated option for a simpler finish.

Bordeaux is offered in four sizes, from **600mm** up to **1200mm** wide, making it easy to specify the right scale for any space.

Discover our latest mirror design and explore the full mirror collection on **page 116**.

Piatri 320 Brushed Brass Bar Handles.

Handles

*Considered
coordination,
every detail*

Our handle collection has grown. Several existing families now offer new knob, bar, and pull options alongside their originals, making it easier than ever to finish a bathroom in a single, coordinated style.

A number of collections have also been refreshed, with updated naming to bring them in line across the collection.

Explore the full handle collection on **page 148**.

Vanity Collections Guide

Our Vanity collections are smaller collections that feature standalone units complemented by additional pieces, offering stylish and functional solutions for your bathroom. This guide will walk you through the straightforward steps to select & order your vanity unit, to simply elevate your bathroom experience.

Design your vanity in four simple steps

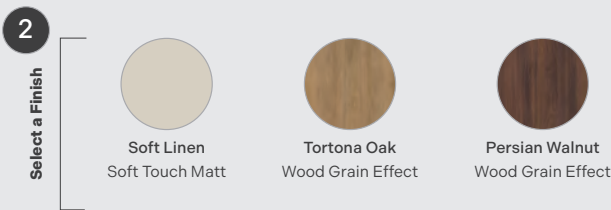

Choose Your Unit

Browse our vanity collection to find the perfect vanity for your bathroom. You will find the kit code listed below the vanity. All units come pre-assembled with a wall fixing kit for installation.

Select a Finish

Each collection is shown in one finish, with all available finishes listed below the vanity with the respective codes.

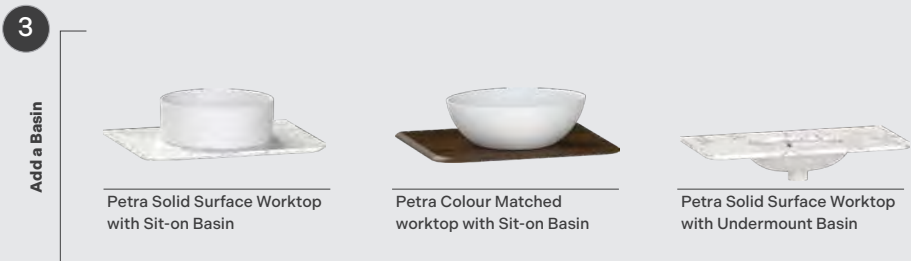

Add a Basin

Compatible basins are listed below each vanity and may fit slightly wider than the unit.

The sit-on basins shown are the recommended size and require a worktop. All sit-on basins are universally compatible, but ensure your chosen basin fits your unit's dimensions. Some vanity units need specific worktops, which are available on the collection pages.

For most basins with an overflow, you can change the colour of the overflow ring. For more information on basins, worktops, and overflow rings, refer to our accessories section starting on **page 114**.

Add Accessories

Vanity units are shown with taps, and if applicable, handles, which are sold separately. All additional accessories can be found in our accessories section starting on **page 114**. Some collections offer additional elements to enhance the overall aesthetic or functionality of your furniture and these can be found in the collection pricing pages where available.

Taps and Wastes

Choose a tap to match your vanity, starting on **page 162**. All taps come with a colour-matched slotted waste.

Basins

Once you have selected a vanity unit you can find compatible basins listed below. Sit-on basins require a worktop and can be found on **page 156**.

Handles

Choose a handle to match your vanity, starting on **page 148**. Some vanity collections have an integrated handle and don't require a separate handle.

Worktops

If you are using a Sit-on basin, you will need a worktop. You can find compatible worktops below each vanity unit. For universal worktop options see **page 152**.

Accessories

Some collections have unique accessories such as decorative legs, lighting kits, or drawer dividers. These additions can offer both style and functionality to your vanity. Explore collection pages for details on available accessories.

Vanity Units

Vanity units from our Vanity Collections come pre-assembled for easy installation. Simply order your unit, add a basin, tap and any other required accessories to complete your look.

Assembly Instructions

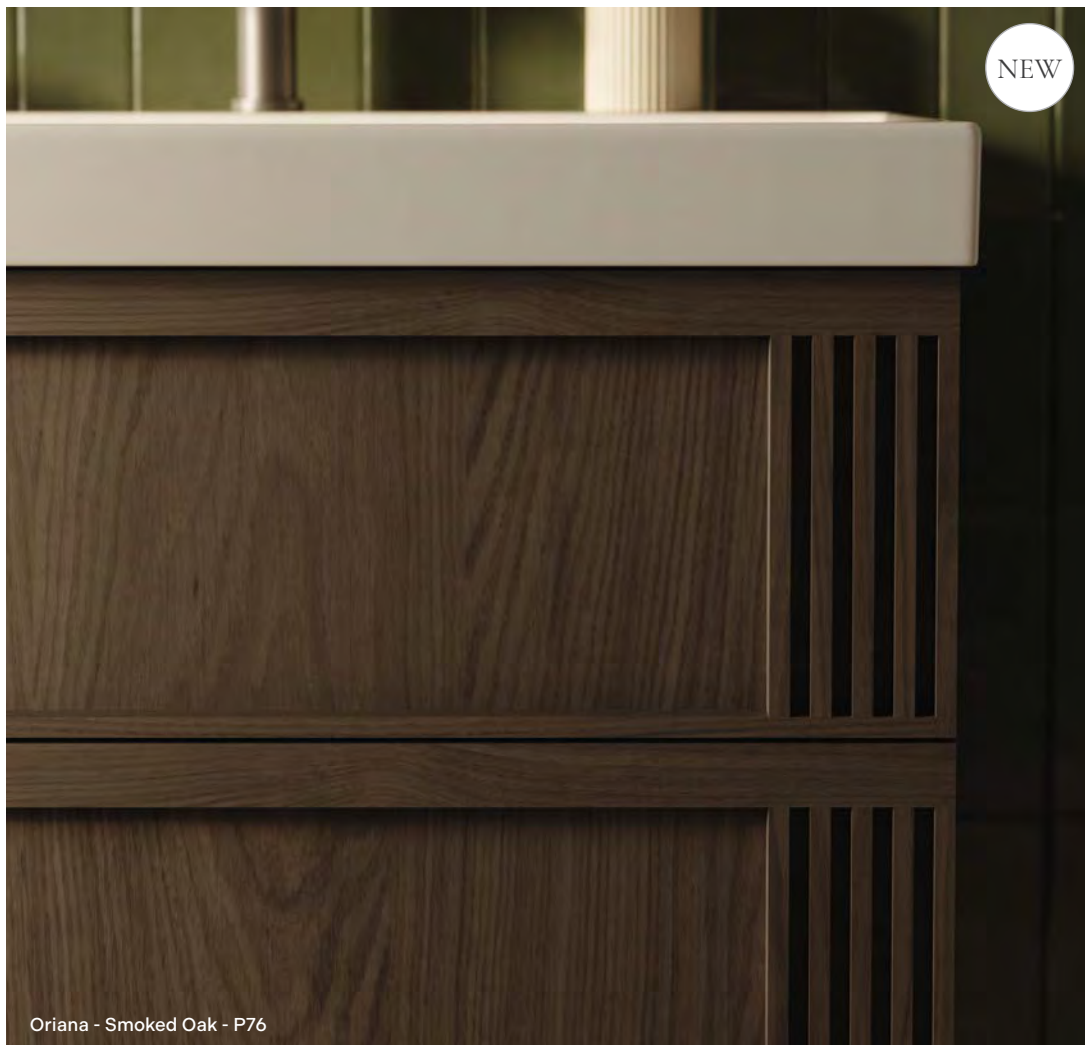

Every unit in our vanity collection comes pre-assembled as a complete unit to simplify the installation process, saving you time and effort. We recommend using a professional bathroom installer for vanity unit installation to ensure optimal results. To explore our full range of furniture and accessories, visit calypsobathrooms.co.uk.

The Charlbury Collection is a beautifully crafted range of vanities designed to stand alone or be paired with our Pentland Fitted Furniture. Combining timeless elegance and versatility, it offers options to suit various bathroom layouts and styles. At its heart is the iconic Charlbury Vanity, while the Charlbury Curved Vanity adds a graceful, rounded touch. For a more natural charm, the Charlbury Washstand features a slatted oak lower shelf and comes in three configurations, perfect for spacious bathrooms.

Vanity Furniture

Oriana collection

NEW

Real wood brings a warmth to a bathroom that little else can match. It catches the light differently through the day and grows more characterful with time. Oriana's fluted detailing and discreetly integrated handle keep every line uninterrupted, while drawers that close with barely a sound turn a daily routine into something a little more considered. Wall-hung or set on a sculpted leg frame, Oriana adapts to your space, and the life you live in it.

Alba Oak

Smoked Oak
Wood Grain Effect

Furniture Features

Real Oak

A natural grain, brought to life in real wood veneer.

Feather-Light Drawers

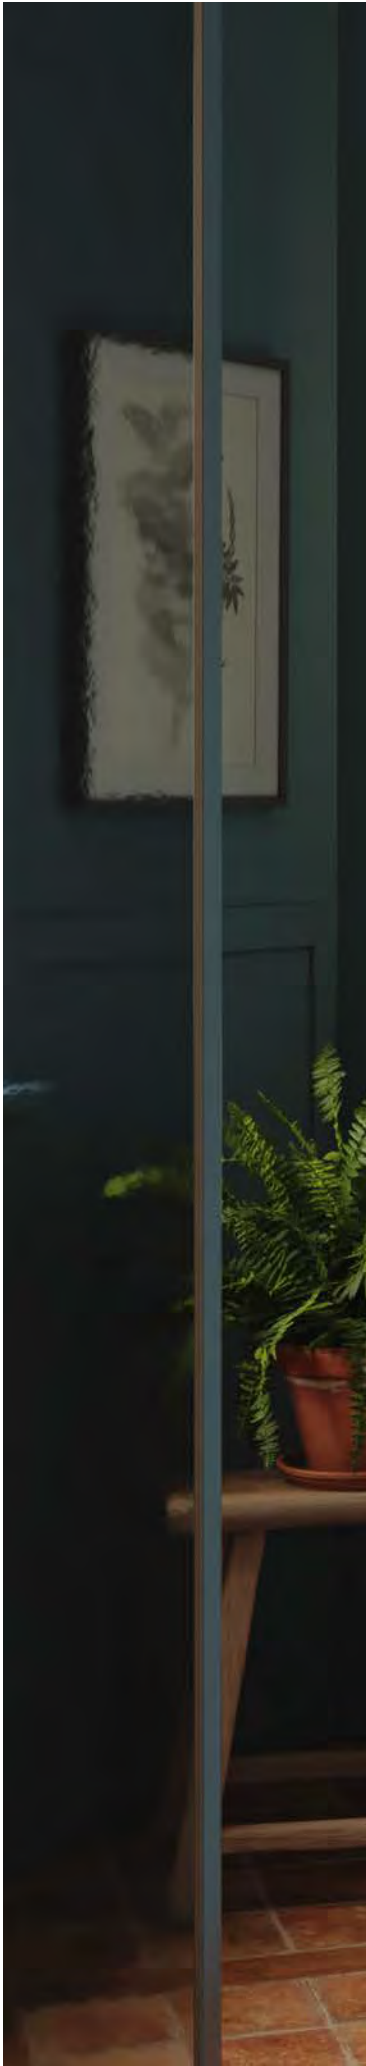

Soft-close and considered, down to the last detail.

Integrated Handle

Designed within the wood itself, for an uninterrupted finish.

Wall-Hung or Leg-Frame

Two ways to finish Oriana, to suit your space.

Discreet Handle
Keeps lines clean and uninterrupted

Natural Character
Catches the light differently every day

NEW Alba Oak

Warm oak grain meets deep, moody colour. A considered contrast of natural texture and quiet strength.

Room includes: Dakota White Ceramic Sit-On Basin, Busca Tall Gunmetal Tap, Matt White Cast Marble 15mm Worktop and a Bordeaux LED 1000 Mirror.

Alba Oak

Alba Oak

Bathroom Essentials

Mirrors

Designed to make your bathroom experience more enjoyable, and with a diverse range of styles and sizes, there's a perfect match for every bathroom.

Whether you're preparing for a productive day or unwinding with a relaxing evening bath, our LED mirrors guarantee lighting to suit any mood. Take advantage of superior control with infrared or touch-sensitive buttons. For a crystal-clear reflection, choose a mirror with our innovative and energy-efficient heated demister pad, ensuring a fog-free surface even in the most humid bathroom environments.

Rest assured that all our LED mirrors are bathroom-friendly, featuring a splashproof IP44 rating and our 5-year guarantee.

LED lighting

Illuminate your bathroom with a long-life LED mirror. Bright and energy-efficient lighting ensures a well-lit bathroom for your daily routine.

Ambient Lighting Control

Set the perfect mood with ambient lighting control. Choose cool lighting for a more energizing and invigorating feel or warm lighting when it's time to wind down and relax.

Two Pin Shaver Socket

A concealed two-pin shaver socket offers the convenience of a dedicated power source, ensuring a sleek and organized grooming experience.

Touch Control

Touch control mirrors make operation a breeze with a convenient easy-to-clean surface and modern aesthetics.

Fog Free Reflection*

Say goodbye to foggy mirrors with our energy-efficient heated demister pad, ensuring a crystal-clear surface even in the steamiest bathroom environments.

USB Socket

Charge devices effortlessly and maximize efficiency with two USB sockets.

Adjustable Brightness

Adjustable brightness offers versatility, precision, and the ability to create optimal lighting conditions, making your grooming experience more enjoyable.

Infrared Sensor

Keep things hygienic with an infrared switch for hands-free control.

Bathroom Safe

Use your mirror worry-free. Our LED mirrors come with an IP44 rating, protecting against splashing water and ensuring a safe bathroom environment.

* Mirror demisters clear the area directly covered by the heated pad, expanding up to an additional 30% of that surface area. They are designed to provide a targeted, steam-free viewing zone rather than clearing the entire mirror surface.

The Mirror Collection

Each mirror in the collection is thoughtfully designed to strike a balance between form and function. From refined silhouettes to gently sculpted profiles, every piece brings a sense of quiet elegance and timeless appeal, crafted to complement a wide range of bathroom styles with ease and intention.

Whether you want to illuminate your bathroom with a long-life LED mirror, bright and energy-efficient or set the perfect mood with ambient lighting control. Choose how you want your bathroom to feel when it's time to wind down and relax.

Vanity Worktops

We understand that selecting the perfect worktop to complement your vanity unit can be a crucial decision in your design process. Below we've outlined the steps to help you find the ideal worktop for your vanity.

Choose Your Vanity Size

Vanity worktops that fit our standard vanity units are categorised into three sizes: 600 Vanity, 800 Vanity, and 1200 Vanity, the size is displayed next to each worktop, make sure the width and depth are compatible with your chosen vanity. Each worktop is designed to fit a range of vanity sizes with a slight overhang.

Select a Worktop

Our vanity worktops are available in three options: Square-Edged Laminate, Cast Marble, and Calypstone Aura. Some vanity units use non-standard worktop sizes, and the worktops for these can be found on the pages displaying that collection, along with additional details.

A solid particle board core, bonded with high-pressure laminate (HPL), creates a durable worktop. These worktops are supplied with a 20mm square front edge and comprehensive sealing on all surfaces and edges.

Calypstone Aura Worktops 12mm or 18mm

Available in options of 12mm and 18mm thickness, Calypstone Aura Worktop are made from a mixed compound of natural minerals and acrylic resins. This material is the same all the way through, is completely non-porous and the smooth surface is resistant to most domestic chemicals. It can be cut and shaped using standard woodworking tools, and the cut edge sanded and polished to a perfect finish by hand.

Easy Clean: The inherent properties of Calypstone Aura make it very easy to clean and maintain. It is resistant to most household chemicals and disinfectants and is best cleaned simply with warm soapy water and then dried and buffed with a soft microfibre cloth. Full care instructions are supplied with each worktop.

Durable: You can look forward to many years of service from Calypstone Aura worktops. The material does not degenerate naturally nor fade, and if well cared for, will continue to look as good as the day it was installed.

Hygienic: The Calypstone Aura material contains an antibacterial agent that combats bacteria and prevents its growth. This makes it perfectly suited to bathroom surfaces, and means it can also be used in healthcare and food preparation areas.

Basins

Whether you're looking for a sleek modern basin or a more traditional style, our selection caters to every aesthetic. Explore our range of sit-in, sit-on, block, and semi recessed basins, and choose from ceramic or cast marble options to suit your desired look. Ensure compatibility by referring to the displayed basin options on each vanity collection page.

Cast Marble

Our Cast Marble basins are crafted from Dolomite Marble, a substance born from volcanic processes. Through milling, purification, and blending with polymer resin, they take shape before a protective layer of resin and quartz gel coating is applied, preserving both pigment and achieving a flawlessly smooth, durable and easy to maintain finish.

Ceramic Basins

Ceramic basins are meticulously crafted from molten fireclay, shaped into moulds, and expertly glazed before undergoing the final firing process. Their enduring quality makes them suitable for both contemporary and traditional bathroom settings. Ceramic is easy to maintain, as stains can be effortlessly removed, ensuring a pristine appearance.

How to Order Guide: Overflow Rings

When it comes to basins, getting the details right can make all the difference, especially when you're matching them with brassware and handles. That's where understanding overflow rings becomes essential. These rings not only ensure your basin works properly but also play a role in enhancing its overall look and feel. Use the table below to find the right overflow for your basin and then choose the colour that best matches your bathroom:

Basins with no overflow:

These basins do not have an overflow. Therefore, there's no need for an overflow ring. We recommend using a free-flowing unslotted waste with these basins.

Basins with built-in overflow:

Some basins come with an overflow that is glazed or designed as an integral part of the basin. In such cases, an overflow ring does not apply.

Basins with a standard overflow:

These basins come with a chrome overflow ring as standard. However, the overflow ring is interchangeable, meaning you can change it to match your bathroom.

Bathroom Essentials

WCs

Our WCs feature high-quality ceramic construction, ensuring reliability and longevity. The top-fix seat design facilitates simple installation and lifts off for easy cleaning. All Calypso WCs come with a silent soft-close seat which provides added convenience and comfort.

Back To Wall

Back to Wall pans are designed to be used with cisterns that can be concealed within a cabinet or behind a wall. They can be matched with your chosen furniture to create a cohesive and sleek aesthetic.

Close Coupled

Close coupled WCs are a popular choice for modern bathrooms due to their simple design and streamlined appearance. This type of WC features a cistern that is directly attached to the back of the bowl, making maintenance straightforward.

Wall Hung

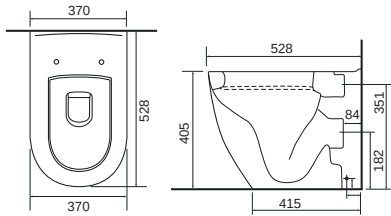

Wall hung WCs can be attached to a frame within a cabinet or behind a wall. This makes cleaning easier and lends a sense of openness to the bathroom.

WHAT IS A RIMLESS PAN?

Traditional toilets distribute the flush water through a series of holes around the underside of the rim of the pan. However, the 'Rimless' pan does away with this under-rim, meaning the water can flow faster and with no hindrance to create an enhanced flush. The rimless toilet looks no different on the outside.

The main difference is that the pan boasts a smooth bowl with reduced areas for bacteria or lime-scale to build up and settle, which makes a significant difference for cleaning and improved hygiene compared to traditional pans.

Highest standards of Hygiene

No hidden spaces for germs to harbour.
Allows for easy cleaning.

Perfect cleaning

Unique flush system means the water flows both vertical and around the rim covering the entire surface.

Quieter & Faster

Rimless technology allows for a more silent and faster flush than standard WC pans.

What is an LED Lighting Strip?

Using an LED lighting strip in your bathroom can enhance both functionality and ambiance. You can install LED strips under cabinets to illuminate the countertop, around the back of mirrors for even lighting, or along the ceiling edges to highlight architectural features.

Supplied in three popular length kits, these lighting strips can be cut to fit any size of unit. The special 3M self-adhesive backing tape allows you to stick them to almost any surface with ease.

Zoned Lighting

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

IP RATING 1ST DIGIT			IP RATING 2ND DIGIT		
	OBJECT SIZE	PROTECTED AGAINST		PROTECTED AGAINST	TESTED FOR
0	-	NO PROTECTION.	0	-	NO PROTECTION
1	>50 MM	PROTECTION AGAINST ANY LARGE SURFACE AREA OF THE BODY BUT NOT DELIBERATE TAMPERING OR FORCE.	1	DRIPPING WATER	DRIPPING WATER – NO DAMAGING EFFECT WHEN TESTED AGAINST VERTICAL FALLING WATER DROPS.
2	>12.5 MM	FINGERS OR SIMILAR SIZED TOOLS AND OBJECTS.	2	DRIPPING WATER WHEN TILTED UP TO 15°	VERTICALLY DRIPPING WATER HAS NO DAMAGING EFFECT WHEN THE LIGHT ENCLOSURE IS TILTED AT AN ANGLE UP TO 15° FROM ITS USUAL POSITION.
3	>2.5 MM	THICK WIRES, TOOLS AND SIMILAR-SIZED FOREIGN BODIES.	3	SPRAYING WATER	WATER FALLING AS A SPRAY AT ANY ANGLE UP TO 60° HAS NO DAMAGING EFFECT.
4	>1MM	MOST WIRES, SCREWS, ETC.	4	SPLASHING WATER	WATER SPLASHING AGAINST LIGHT ENCLOSURE FROM ANY DIRECTION HAS NO DAMAGING EFFECT.
5	DUST PROTECTED	Protected against dust, allowing limited ingress. (no harmful deposit)	5	WATER JETS	WATER PROJECTED BY A NOZZLE (6.3MM) AGAINST LIGHT ENCLOSURE FROM ANY DIRECTION SHALL HAVE NO DAMAGING EFFECT.
6	DUST TIGHT	Dust tight. No ingress of dust.	6	POWERFUL WATER JETS	WATER PROJECTED IN POWERFUL JETS (12.5MM NOZZLE) AGAINST THE LIGHT ENCLOSURE FROM ANY DIRECTION HAS NO DAMAGING EFFECT.
			7	IMMERSION UP TO 1M	WATER WON'T INFILTRATE EVEN WHEN LIGHT ENCLOSURE IS IMMERSSED IN WATER UP TO 1M IN DEPTH. DURATION OF UPTO 30 MINUETS.
			8	IMMERSION BEYOND 1M	THE EQUIPMENT IS SUITABLE FOR CONTINUOUS IMMERSION IN WATER UNDER. CONDITIONS SPECIFIED BY THE MANUFACTURER.

IP

6 7

IP67. The item is protected from dust and capable of withstanding water immersion upto 1 meter for 30 minutes.

ZONE 0 Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

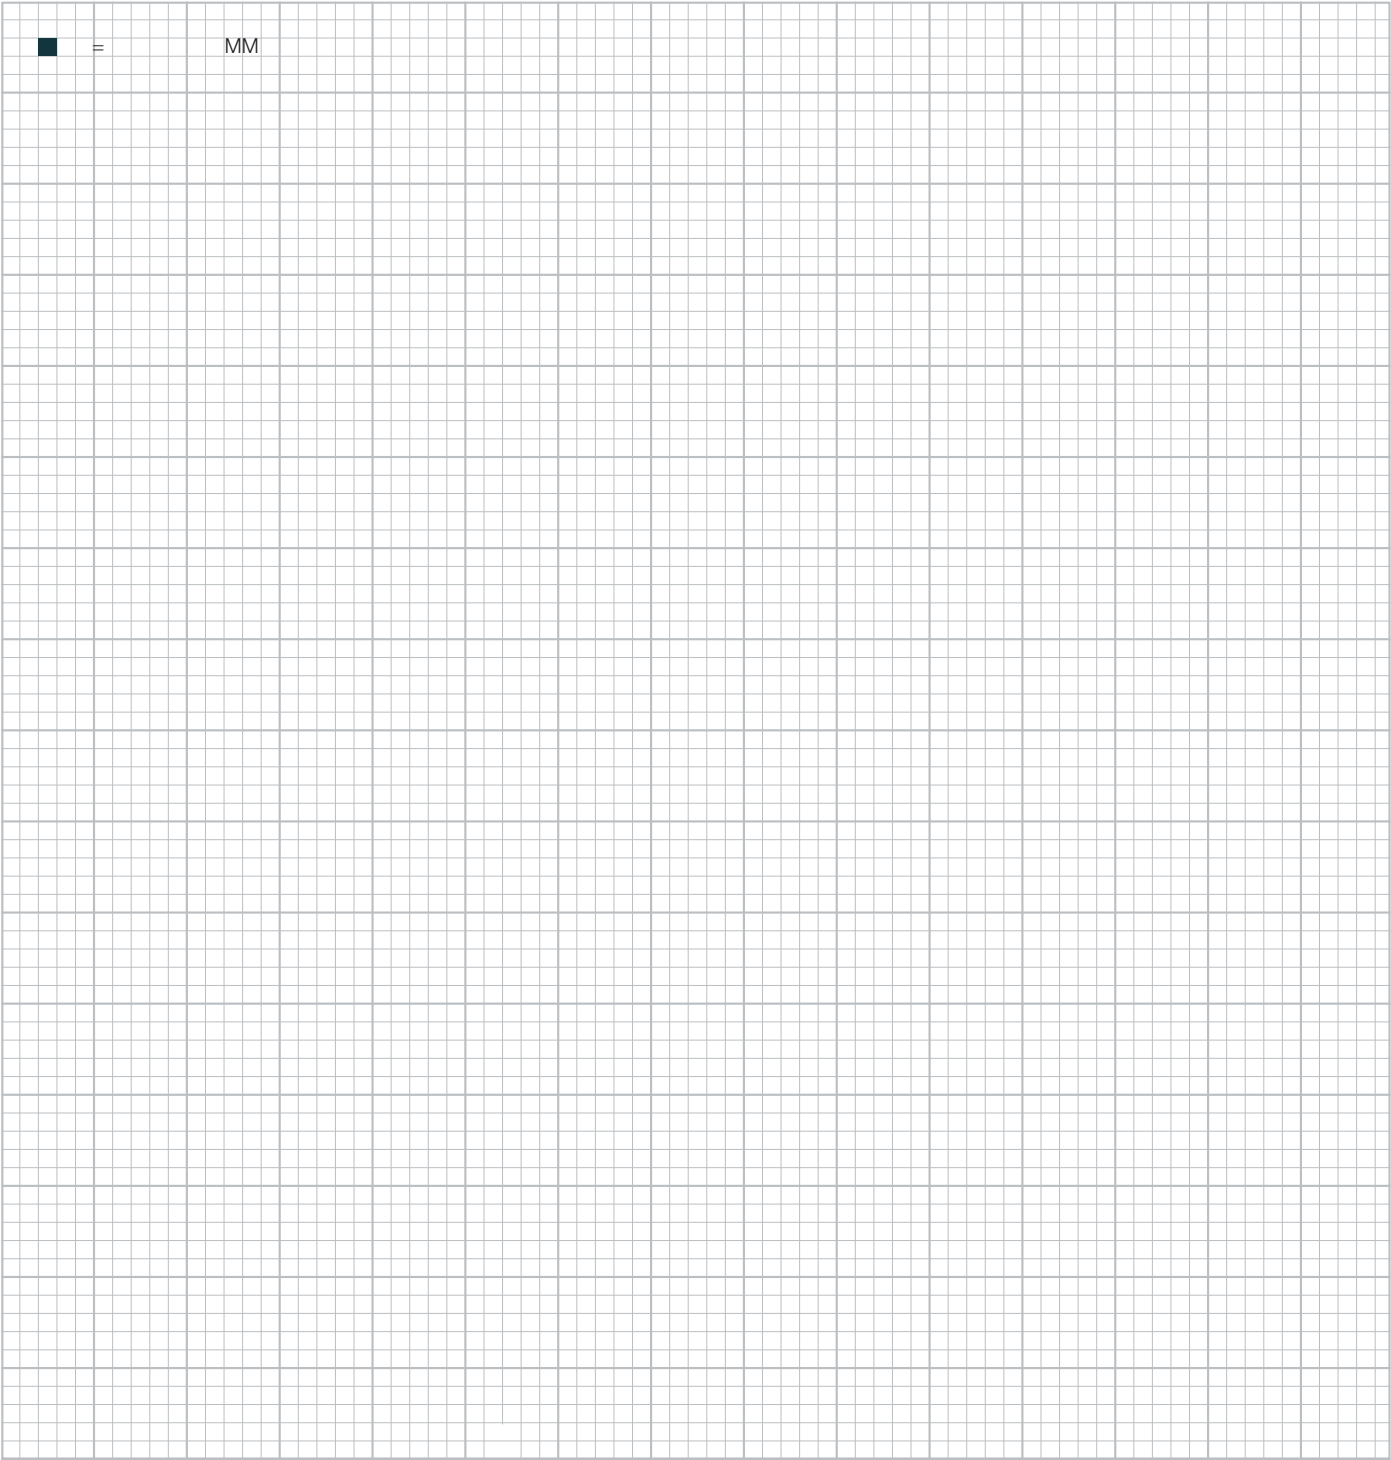

ZONE 1 Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

ZONE 2 Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

ZONE 3 Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

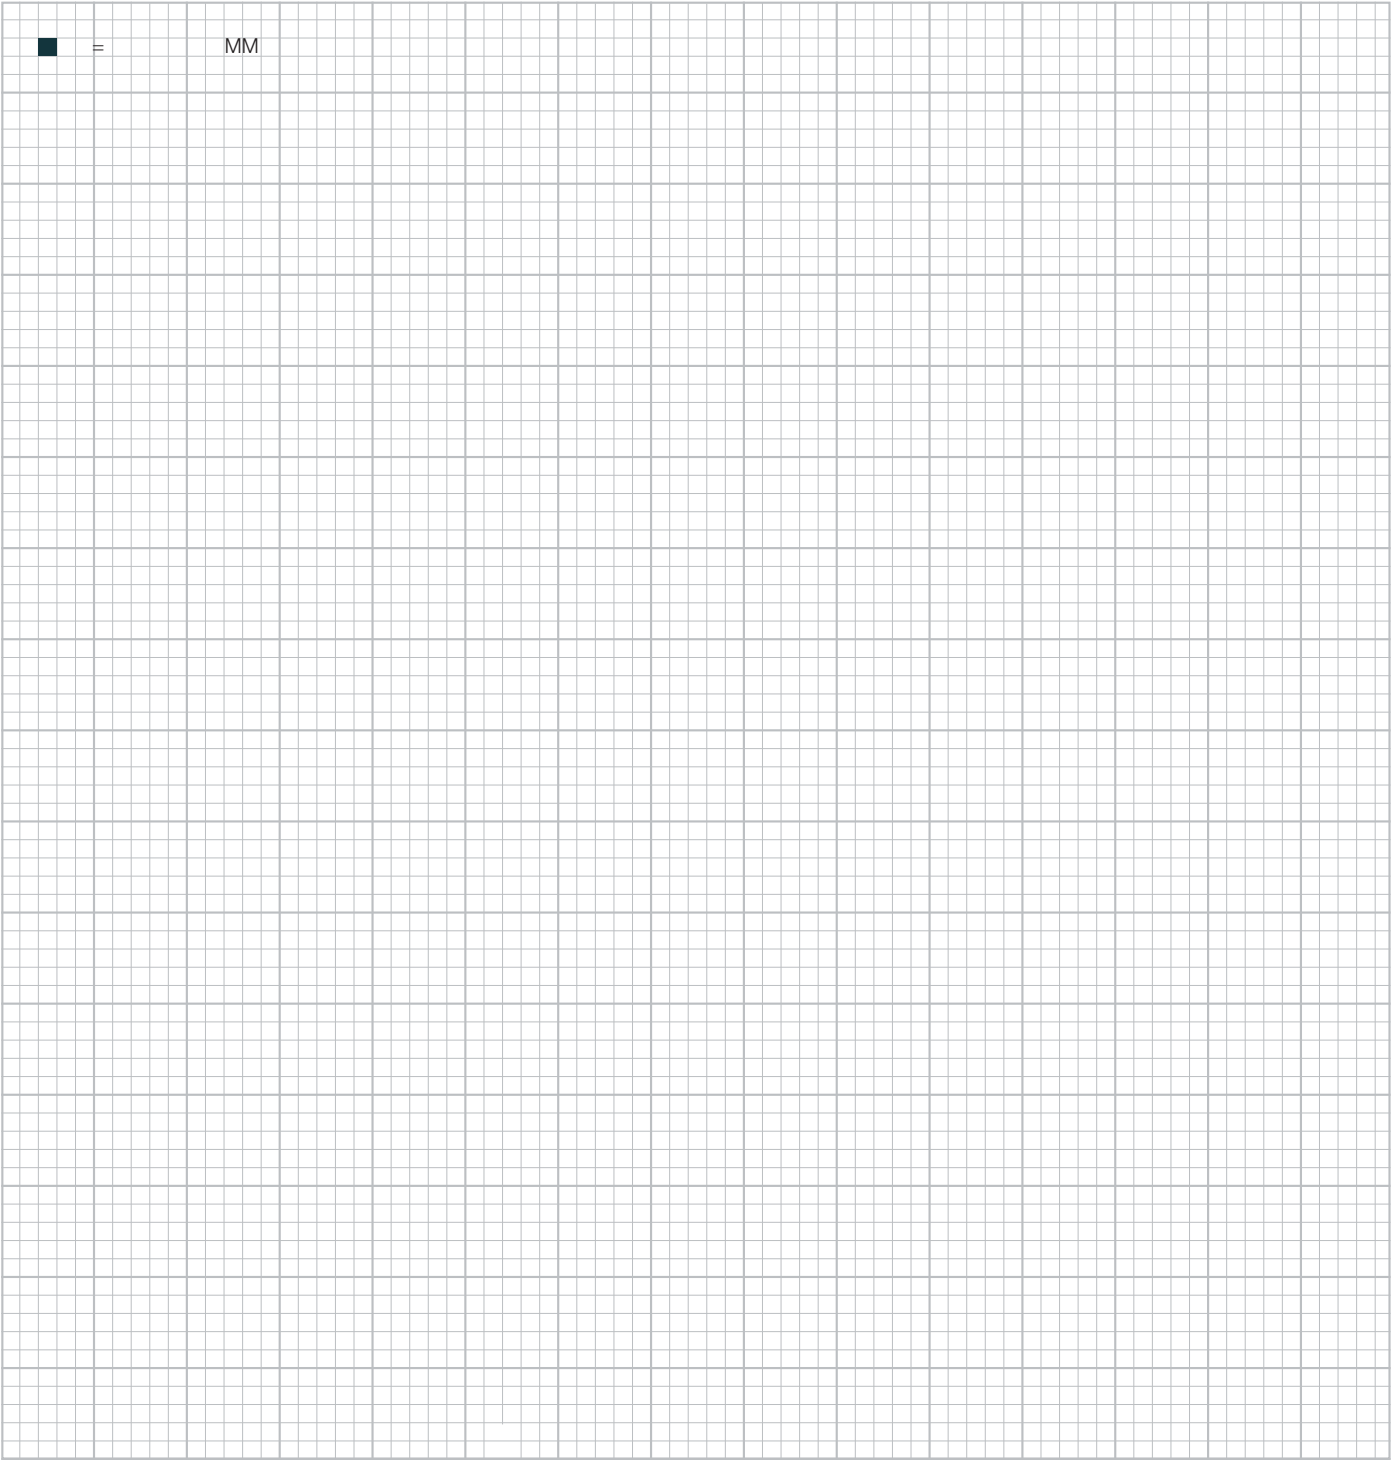

Installation must be made in accordance with the current IEE wiring regulations and relevant building regulations. Calypso recommends that all electrical bathroom products should only be fitted by a suitably qualified Part P registered electrician.

Calypso Essential Information

Product Specifications

Laminate Worktops Laminate worktops are formed using a particle board core with a decorative laminate surface and balancer on the underside. They are offered in options of square edged and postformed designs and are pre-sealed on all edges. Additional edging strip can be purchased to finish any cut edges.

Assembly and Drilling All vanity units are supplied fully assembled. Door and drawer fronts are supplied undrilled for handles, giving you maximum flexibility in handle choice.

Concealed WC Cisterns All our concealed WC cisterns allow front-access servicing. If you use a different manufacturer's cistern, please check service-access requirements.

Dimensional Tolerance Because of materials and production processes, dimensions may vary within a tolerance of ±2mm on furniture, ±3mm on cast basins, and ±5mm on ceramic.

Returns Policy

Reporting Damages or Unwanted Items Any damaged or unwanted items must be reported within 7 days and made available for collection within 28 days.

Picking or Delivery Errors & Manufacturing Defects These must also be reported within 7 days and made available for collection within 28 days.

Unwanted (Good-Faith) Items Items ordered and delivered in good faith but no longer required will incur a 25% handling and re-stocking charge. Non-required items can only be accepted for return if they are returned in their original packaging, have not been fitted in any way (this includes having legs fitted to carcasses) and are in a resaleable condition.

Credit Approval Credit will be given once goods are received, inspected, and signed off. All goods under this policy should be returned to the retailer from whom they were purchased.

Credit Refusal If goods fail inspection, a credit refusal number is assigned and a written reason is provided by email. Goods will be held for 7 days before disposal. Any query regarding refusal must be logged within a 7-day period.

Taking Care of Your Calypso Products

Ventilation and Moisture Control Calypso bathroom furniture is designed for use in domestic environments, making good ventilation essential to prevent damage from excessive moisture—whether on surfaces or in the air. A suitable extractor fan is strongly recommended to avoid condensation and its associated risks. Please note that Calypso timber-based furniture should never be installed in wetrooms.

Sealing and Spills Any cut or exposed panel edges, and any floor or wall abutments with furniture or sanitaryware, must be sealed with a waterproof sealant such as silicone. Wipe clean and mop dry all water spills immediately.

Cleaning Products Never use chemical or abrasive cleaners, bleach, or furniture polishes on bathroom furniture. Clean only with a soft damp cloth and mild soap solution.

Ceramic Sanitaryware Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid abrasive solvents, acid, or ammonia.

Cast Basins Calypso cast basins are manufactured from a mineral powder/polyester resin, protected by a gelcoat of at least 0.5mm thickness. Clean with a normal liquid detergent (no abrasives) and buff with a quality polish to keep tops in pristine condition.

Brassware Clean with a damp cloth, rinse, and polish with a dry cloth. Avoid cleaners containing abrasive solvents, acid, or ammonia.

Disclaimers and Terms
