The Shape of Tradition

TRADITIONAL VANITY COLLECTION

The Shape of *Tradition*

A curated collection of traditional bathroom furniture. Charlbury and Chelworth vanity units, brought together with the basins, taps, handles and mirrors chosen to complete them, so every piece of the room works as one.

Charlbury *p6*
Collection

A double-beaded door, a soft matt painted finish and three shapes, including a curved vanity unit and an open washstand.

Matt painted · Ensuite to statement bathroom.

Chelworth *p26*
Collection

A shaker vanity unit with a textured Wood grain effect finish, in floor-standing or wall-hung designs, with matching WC units and bath panels to complete the room.

Wood grain effect · Cloakroom to family bathroom.

Complete the Look *p38*

Traditional taps, handles and mirrors in classic shapes. Each is chosen to suit Charlbury and Chelworth, so the finishing touches feel as right as the furniture itself.

Shaped by *our* family, for *yours*.

For over twenty years, Calypso has been shaped by our family business in Hereford. Through that time, our approach to design has stayed the same: start with the shapes people have always loved, and refine them with care.

The framed door, the beaded edge, the gentle curve of a vanity: these are forms that have earned their place in British homes over generations. We study them closely, keep what makes them timeless, and adjust the details, the proportions, the depth of a panel, the line of a handle, so they feel just as right in a bathroom today.

Every collection is designed with longevity in mind, to be furniture that settles into a room and grows more familiar with each passing year.

Tradition, to us, isn't only a style. It's how we design.

Making it yours

From first look to *finished room.*

The same care that shapes each collection continues into how you choose it. From seeing the finishes in a showroom to planning the room with an expert, four steps help you move from first look to finished room with confidence.

01 See it before you buy

Every collection is sold through independent bathroom showrooms, so you can open the doors and see each finish in real light.

02 Free samples

Order finish samples to try at home, against your own walls, floor and light.

03 A complete room

Basins, worktops, taps, handles and mirrors chosen to sit naturally with every vanity unit.

04 Planned with an expert

Your local retailer helps you measure and plan the room, then confirms the final price.

Charlbury *Collection*

Matt painted finish · Curved, washstand and square vanity · Ensuite to statement bathroom

Charlbury is built around the details you come to notice over time. A double-beaded door and a soft, even matt finish bring depth and colour to every shape, creating a room that feels tactile and easy to live with.

CALYPSO

Charlbury Square 800

Charlbury Shapes

Three shapes, *one collection.*

Charlbury comes in three shapes: square, curved and washstand. Each carries the same classic detailing, so you can choose the form that suits the space, from ensuite to statement bathrooms, without changing the character of the room.

Charlbury Curved 1240

Charlbury Washstand 1244

Charlbury Finish

A *considered* coat.

Charlbury is painted and lacquered in a soft matt finish. The surface is smooth and even, with a gentle depth that suits bright and quiet rooms alike.

Charlbury Curved

Shaped for *ease*.

Curved units bring a softer line to a traditional room. Left-hand, right-hand and double-curved designs ease movement around the vanity, while curved shelves inside make use of the full shape.

Charlbury Details

Depth in *every door.*

Charlbury's double-beaded door traces the edge of each panel, creating fine shadow lines that give the front a quiet depth, while tongue and groove end panels carry the same traditional character to the sides.

The Charlbury Collection is a beautifully crafted range of vanities designed to stand alone or be paired with our Pentland Fitted Furniture.

Charlbury Details

Gentle to use, *easy to live with.*

It's the details you notice every day that make the difference. Doors and drawers close gently, a washstand drawer works around the plumbing, and adjustable feet help the unit sit level. Inside the cabinet the colour continues, so it feels complete when it is open as well as closed.

Charlbury 620 Washstand

Charlbury Washstand

Open & *light*.

The Charlbury washstand brings an airy, open feel to the room. Solid oak slats form an open shelf below the drawers, ready for baskets or folded towels, and keep the whole unit feeling light.

CALYPSO

Solid Surface Undermount Basin

Charlbury Tops

Choose the basin, *set the tone.*

The top sets the character of a vanity. A marble effect Calypstone worktop with an undermount basin, made as one piece, gives a smooth, continuous surface. A sit-on basin, smooth or fluted, adds shape and presence, while the ceramic Richmond basin, with its shaped back, brings a classic feel.

Taking Care of Your Calypso Products

Ventilation and Moisture Control Calypso bathroom furniture is designed for use in domestic environments, making good ventilation essential to prevent damage from excessive moisture—whether on surfaces or in the air. A suitable extractor fan is strongly recommended to avoid condensation and its associated risks. Please note that Calypso timber-based furniture should never be installed in wetrooms.

Sealing and Spills Any cut or exposed panel edges, and any floor or wall abutments with furniture or sanitaryware, must be sealed with a waterproof sealant such as silicone. Wipe clean and mop dry all water spills immediately.

Cleaning Products Never use chemical or abrasive cleaners, bleach, or furniture polishes on bathroom furniture. Clean only with a soft damp cloth and mild soap solution.

Ceramic Sanitaryware Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid abrasive solvents, acid, or ammonia.

Cast Basins Calypso cast basins are manufactured from a mineral powder/polyester resin, protected by a gelcoat of at least 0.5mm thickness. Clean with a normal liquid detergent (no abrasives) and buff with a quality polish to keep tops in pristine condition.

Brassware Clean with a damp cloth, rinse, and polish with a dry cloth. Avoid cleaners containing abrasive solvents, acid, or ammonia.
